

Questions and Answers
Construction Inspection Program (2015 – 2020)
RFP# 15-11-07

Q. Is there a dollar value or estimated number/type of resources requested?

A. **Over the next five years, the City's projected Capital Improvement expenditures for the Bridge Renovation/Replacement Program is \$33M. The City is anticipating using a mix of in-house and outside construction inspectors to handle the in-field work load.**

Q. Are design or engineering services required on this contract?

A. **No design or engineering services are required.**

Q. How many of what level inspectors do you anticipate?

A. **Dependent on the work load. It is anticipated that 1 to 2 projects would be constructed at the same time. Project magnitude would vary from having one inspector up to two or three inspectors per project.**
